

Please download this template and use to submit your results for your Chrome Cash classes held at your event. Your payout amount column will add up total amount out Chrome Cash being paid out at your event (\$10,000 or \$20,000). \$10 per Chrome Cash entry is paid back to APHA. You would use Column E to determine how much would be paid back to APHA at the end of the event. Any horse that enters the Chrome Cash class would count as an entry regardless of placing or disqualification. Payment and results must be submitted by 14 days after the events conclusion. Please submit this directly to Matt Arias in the APHA office.

These results should not be uploaded with the rest of your APHA approved class results as they are non-point-earning classes
